Employment

Management Associate - IT   Jan 2024 – Continue
Punjab Skill Development Fund, Lahore

As a Management Associate - IT at Punjab Skill Development Fund in Lahore, I am refining my skills in front-end development, particularly with Angular and .NET technologies, alongside managing SSMS databases. My work here has deepened my commitment to meticulous diligence and my enthusiasm for creating intuitive, user-friendly web applications. I am driven by a desire to continuously learn and expand my capabilities in my role as a developer.

Software Engineer Intern   Sept 2023 – Dec 2023
Big Entities, Lahore

As an intern at Big Entities in Lahore, working as a Software Engineer, I dedicated myself to advancing my expertise in front-end development, specializing in React.js and Next.js. This experience has sharpened my diligence and fueled my enthusiasm for creating intuitive, user-friendly web applications. I am enthusiastic about continuing to expand my knowledge and skills as I progress in my role as a developer.

React JS Developer Intern   Feb 2023 – Sept 2023
VentureDive, Lahore

As a React JS intern at VentureDive, I am honing my front-end development skills, gaining hands-on experience with React. My work has strengthened my focus on detail and passion for crafting intuitive, user-friendly web applications. I am eager to keep learning and growing in my role as a developer.

Web Intern   Nov 2022 – Jan 2023
InfoGrasps, Lahore

As an InfoGrasps intern, I gained hands-on experience and mentorship in front-end web development basics, developing a solid foundation in HTML, CSS, and JavaScript. I also created several mini projects that highlighted my problem-solving abilities and creativity, while also reinforcing my learning.
